Gilmore Dental is changing our **Healthy Mouth Program** to the **Gilmore Dental Discount Plan**. We designed Healthy Mouth in 2012. We felt it important to discount fees to help those who do not have dental “insurance” (benefits). We’ve raised the fees on each class twice since that time. After careful evaluation of premiums verses services rendered, in conjunction with increased cost in personal protective equipment, supplies and wages post COVID, it was clear that our cost for offering the discount greatly outweighed the premiums being collected. While we want to offer discounts to help our valued patients, it is imperative for the continued operation of the practice to make a change to the program.

We are still covering preventive services including: cleanings, 1 evaluation and 1 set of bitewing x-rays. Your premiums will change upon your benefit renewal period. Attached is the new “Classification” sheet showing the classes and their annual cost and what is included.

When it comes to all other offered services, you’ll be please to know we are offering a larger across the board discount when paying by cash/check at 15% on all additional services (currently only crowns are offered at 15% and all other treatment is offered at 10%). Payment by credit card, no matter the service, is offered at a 10% discount (which is the current discount on all treatment under the Healthy Mouth plan with the exception of crowns at 15%). Discounts are applied upon checkout of the appointment.

Larger discounts are now given for additional adults for classes involving multiple prophylaxis or perio.

Examples of discounts under current Healthy Mouth versus Discount Plan with 15% cash/check discount:

Procedure	Office Fee	Healthy Mouth Disc	Gilmore Dental Discount
Crown	\$1,500	\$1,275	\$1,275
Build Up	\$392	\$352.80	\$333.20
Surgical Extraction	\$412	\$370.80	\$350.20
Emergency Exam	\$123	\$0	\$104.55
Fluoride Treatment	\$65	\$0	\$55.25
